

Building Future Leaders

Under the auspices of The Rotary Leadership Institute

Invitation to Participate

The mission of The Rotary Leadership Institute is to **provide an educational opportunity** for Rotarians identified as potential leaders by their clubs.

Rotary **needs a constant influx of leaders** as club officers, since they mostly change every year. It is often difficult at the club level to learn enough about the exciting world of Rotary and it is also important to remember that leadership skills in volunteer organisations are often different from business leadership skills.

The Rotary Leadership Institute, through 'Building Future Leaders' can help with both.

ATTENDEES WILL LEARN

- more about the what/where/who/why of Rotary
- where they fit in the Rotary world
- about developing their leadership skills
- how to develop projects, local and international
- how to bring about change
- about being a part of the future of Rotary

SHOULD MY CLUB PARTICIPATE?

If your members **care about their Club's future**, they will want the best leaders possible. **'Building Future Leaders'** is an outstanding opportunity for each club to improve the Rotary knowledge of its key people and to be exposed to new ideas of leadership. The exchange of ideas with other Rotarians alone makes the program extremely worthwhile.

Each session has a maximum of 16 participants which will give every participant the best opportunity to gain from and contribute to the total learning process. The course is comprised of 3 one-day modules led by experienced Rotarian facilitators and there are no fees applicable.

Club Presidents are asked to nominate club members as **potential club leaders**, not necessarily future presidents. Clubs are asked especially to encourage every new Rotarian (less than 3 years in Rotary) to attend at least the first module.

2016-17 COURSE SCHEDULE
